Information on Facilities

Tim Pitts and Kevin Livingston from EMCOR presented an overview of the quote received in March 2024.

- Fortune 500 company with direct focus / commitment to K-12 school
- Review 50,000 foot numbers – they use work from recent “jobs” or projects to develop the 50,000 foot pricing and it stands to reason as they develop the project the numbers will come down.
- The quote was based off an on-site inspection of buildings.
- The proposal is a continuation of previous work.
- Monitors were placed in the schools to monitor air quality
Results will be available in June 2024.
